The Challenge: Counterparty/Concentration Risk management

How do I manage my counterparty risk?

How do I manage exposure to specific dealers and concentration risk? What are other funds doing?

The Counterparty Radar solution

Through the service, funds will be able to see exactly what competitors and peers are doing. How many dealers they are using, and whether they have concentration risk around:

instrument

currency pair

trade size

tenor

Use the service to inform business decisions when deciding how many funds to share business with.
